LAVA ENAMELED

Recognized know-how for your signage

Enameled lava corresponds to a technique created by Parisian artists in the 19th century. This involves covering a lava stone with a vitrified layer. This typically French know-how is today recognized as an art profession.

Enameled lava can receive all types of illustrations and texts, which retain their vibrant colours over the years, thanks to the properties of the material itself. Very resistant, it is an ideal product for exterior signage. Enameled lava is suitable for the “panel” part. It cannot be used to create a furniture structure.

Imprint, Company of Living Heritage

This label, awarded by the Ministry of the Economy after a series of audits, rewards companies holding rare, valuable know-how and promoting the excellence of French manufacturing throughout the world. It attests to our sensitivity to the issues of conservation and enhancement of heritage.

Main Features :

Ease of maintenance

Natural product

100% recyclable

Longevity 10-year guarantee

French product

Scratch and impact resistant

Easy graffiti removal

Total resistance to bad weather

Protected know-how

Pollution resistance

Technical specifications:

Dimensions and shapes:

Thickness 15 mm Maximum dimensions: 500 x 1000 mm (min 50 x 50 mm), Weight per m²: 22 kg

Thickness 25 mm Maximum dimensions: 1000 x 2000 mm (min 100 x 100 mm) Weight per m²: 55 kg

Types of finishing:

The unprinted surface may be glossy or satin.

Maintenance tips :

Enameled lava signage is very easy to maintain:

Ordinary dirt: cleaning with water, ordinary high-pressure cleaner permitted

Graffiti: cleaning with an ordinary anti-tag product, followed by rinsing with clean water.
